SAVE Act Ref. No. 2011- \_\_\_\_\_

Dear KABABAYAN,

In reference to the attached letter of Ambassador Jose L. Cuisia, Jr., we would like to solicit your support for the Save Our Industries Act, better known as **SAVE Act**. The Philippine Government is campaigning for the passage of the bill for the **Save Act** in both the U.S. Senate and the U.S. House of Representatives.

The **SAVE Act** bill has been drafted to provide duty-free treatment for the importation into the United States of apparel products manufactured in the Philippines using U.S. made fabrics.

If passed into law, the bill will help create **THOUSANDS** of jobs and contribute **HUNDREDS OF MILLION DOLLARS** in exports to both the U.S. and the Philippines. It is expected that you, your loved ones and friends in the U.S. and the Philippines will enjoy both direct and indirect economic benefits from the passage of the bill.

However, your letter of support needs to reach your legislators for them to pass the **SAVE Act** and for us to realize its economic benefits. To facilitate the generation and sending of letters addressed to your respective legislators using an electronic system, we need your **CONFORMANCE** by filling-in your information and affixing your signature on the spaces provided below:
